

STATE OF WISCONSIN DEPARTMENT OF NATURAL RESOURCES

PUBLIC NOTICE OF AVAILABILITY OF A NUTRIENT MANAGEMENT PLAN AND INTENT TO REISSUE A WISCONSIN POLLUTANT DISCHARGE ELIMINATION SYSTEM (WPDES) PERMIT No.WI-0065005-02-0

Permittee: Kooiker Calves, Inc., W11819 Blanecae Rd, Randolph, WI, 53956

Facility Where Discharge Occurs: Kooiker Calves, Inc., W11819 Blanecae Rd Randolph

Receiving Water And Location: Surface water and groundwater within the **unnamed tributaries within the Beaver Dam River Watershed, and groundwaters of the state.**

Brief Facility Description : **Kooiker Calves Inc.** is an existing Concentrated Animal Feeding Operation (CAFO). **Kooiker Calves Inc.**, is owned and operated by **James Kooiker**. The farm currently has **3,038 animal units (990 beef calves to 400 lbs, 2,840 steers 400 lbs to market)**. **Kooiker Calves Inc.** has a total of **3,729.1** acres available for land application of manure and process wastewater. Of this acreage, **42.7** acres are owned, and **3,757.5** acres are rented, or under manure agreements. **Kooiker Calves Inc.** has a planned expansion during the proposed permit term to **3,172 animal units (1,060 beef calves to 400 lbs, 2,960 steers 400 lbs to market) by 2022**. Approximately 1,990,000 gallons of manure and process wastewater and 17,000 tons of solid manure in the first year of the permit term. The farm has a proposed 365 days of liquid manure storage and at least 59 days of solid manure storage. One facility is currently covered under **Kooiker Calves Inc.**'s WPDES Permit. The main facility site is located at W11819 Blanecae Road, Randolph, WI 53596 and is composed of five steer and calf barns, one covered feed storage building, two solid waste storage facilities, and one liquid underbarn waste storage facility. **Kooiker Calves Inc.** has submitted an application for reissuance of their Wisconsin Pollutant Discharge Elimination System (WPDES) permit. The application is complete, and the facility has been determined to be in substantial compliance. This will be the second permit reissuance for this facility. **Kooiker Calves Inc.** has an approved Nutrient Management Plan (NMP) that is written according to WPDES permit and Chapter NR 243 Wis. Adm. Code requirements. Plum Creek Dairy was also found to have at least 180 days of liquid manure storage.

The Department has tentatively decided that the above specified WPDES permit should be reissued.

Permit Drafter's Name, Address, Phone and Email: Eric Struck, WDNR Horicon Marsh Visitor Center, N7725 State Road 28, Horicon, WI, 530232-9783, (608) 422-1512, Eric.Struck@wisconsin.gov

Persons wishing to comment on or object to the proposed permit action, the terms of the nutrient management plan, or the application, or to request a public informational hearing may write to the Department of Natural Resources at the permit drafter's address. All comments or suggestions received no later than 30 days after the publication date of this public notice will be considered along with other information on file in making a final decision regarding the permit. Anyone providing comments in response to this public notice will receive a notification of the Department's final decision when the permit is re-issued. Where designated as a reviewable surface water discharge permit, the U.S. Environmental Protection Agency is allowed up to 90 days to submit comments or objections regarding this permit determination. If no comments are received on the proposed permit from anyone, including U.S. EPA, the permit will be re-issued as proposed.

The Department may schedule a public informational hearing if within 30 days of the public date of this notice, a request for a hearing is filed by any person. The Department shall schedule a public informational hearing if a petition requesting a hearing is received from USEPA or from 5 or more persons or if the Department determines there is significant public interest. Requests for a public informational hearing shall state the following: the name and address of the person(s) requesting the hearing; the interest in the proposed permit of the person(s) requesting the hearing; the reasons for the request; and the issues proposed to be considered at the hearing.

Information on file for this permit action, including the draft permit and fact sheet (if required), the operation's nutrient management plan and application may be inspected and copied at the permit drafter's office, Monday through Friday (except holidays), between 9:00 a.m. and 3:30 p.m. Please call the permit drafter for directions to their office location, if necessary. Information on this permit action may also be obtained by calling the permit drafter at (608) 422-1512 or by writing to the Department. Reasonable costs (15 cents per page for copies and 7 cents per page for scanning) will be charged for information in the file other than the public notice and fact sheet. Permit information is also available on the internet at: <http://dnr.wi.gov/topic/wastewater/PublicNotices.html>. Pursuant to the Americans with Disabilities Act, reasonable accommodation, including the provision of informational material in an alternative format, will be made to qualified individuals upon request.
